Dear Colleagues,

On behalf of the Organising Committee, it is a great pleasure for me to invite you to Istanbul, Turkey for the 7th European Congress of Pharmacology in 26-30 June 2016, which is hosted by the Turkish Pharmacological Society. The congress will take place at the Military Museum and Cultural Centre, located in the heart of the city. This modern congress centre with easy transportation offers convenient facilities.

We have published the preliminary program with outstanding speakers from around the World on the official congress web site www.epharm2016.org. Every main session will last for 150 minutes giving sufficient time for invited speakers and discussion. In addition to this for every panel there will be two elevated talks which will be selected by the chair of the relevant session from abstracts freely submitted. Thus every one of you will have a chance to be in the official program of main sessions. Please note that the abstract submissions for both oral and poster presentations are accepted via the congress website until the 25th of March, 2016.

Istanbul is the biggest city in Turkey, located in the north-western part of the country, with a pleasant climate in June. Istanbul is a real must see destination with many unique features, easily accessible by hundreds of direct flights from many countries. It is the only city in the world to connect two continents-Europe and Asia. Istanbul, which has been a capital for centuries, embraces many historical and cultural beauties of Turkey including ancient and modern attractions.

I welcome you to Istanbul for a great meeting to exchange knowledge between basic and clinical fields of pharmacology throughout the World and to share good times. EPHAR 2016 Istanbul should not to be missed! Will you join us?

Please write to the official congress e-mail epharm2016@figur.net if you have any comments or questions.

Öner Süzer, MD, Prof.
Congress Chair EPHAR 2016
