DOBRODOŠLICA

Poštovane kolegice i kolege,

zadovoljstvo mi je u ime Organizacijskog odbora pozvati vas na 8. hrvatski kongres farmakologije s međunarodnim sudjelovanjem koji će se održati u Splitu od 15. do 18. rujna 2016. godine.

Kongres će biti otvoren za predstavljanje širokog spektra tema povezanih s farmakologijom koje će biti zanimljive znanstvenicima i stručnjacima iz različitih polja biomedicine i zdravstva.

Za ostvarenje tog cilja pozvani su na aktivno sudjelovanje u radu Kongresa temeljni i klinički farmakolozi, Agencija za lijekove i medicinske proizvode Republike Hrvatske, farmaceutske tvrtke, farmaceuti te ostali profesionalci kojima je farmakologija blisko područje znanosti.

Posebna pozornost bit će posvećena stvaranju poticajnog ozračja za mlade znanstvenike da u što većem broju predstave svoj rad, međusobno se upoznaju i razmjenjuju ideje.

Program Kongresa odvijat će se kroz plenarna predavanja uglednih znanstvenika iz Hrvatske i inozemstva, simpozije, poster sekcije i promotivne izložbe. Tu pripada i poseban satelitski simpozij koji će se održati u Sinju, povijesnom i živopisnom središtu u Dalmatinskoj zagori.

Strukovne komore će sudionike Kongresa iz Hrvatske nagraditi odgovarajućim bodovima. Uz znanstveni i radni dio Kongresa, planiran je bogat društveni i kulturni program. Vjerujemo da će ugodnom doživljaju Kongresa uvelike doprinijeti jedinstveni mediteranski duh i povijesna baština grada Splita.

Radujemo se susretu u Splitu!

Mladen Boban
Predsjednik Organizacijskog odbora

INVITATION

Dear colleagues,

On behalf of the Organizing Committee I am pleased to invite you to the 8th Croatian Congress of Pharmacology which will be held in the city of Split, from 15th to 18th of September 2016.

The Congress is open for presentations of broad spectrum of topics related to pharmacology that will be appealing to the scientists and professionals from various fields of biomedicine.

To achieve that goal we have invited both basic and clinical pharmacologists, the Agency for Medicinal Products and Medical Devices of Croatia as well as pharmaceutical companies and pharmacists, to take an active part in the Congress.

A particular care is taken to create a positive and encouraging environment for young researchers so they can present their work, get to know each other and exchange ideas. The Congress program includes plenary lectures presented by prominent scientists from Croatia and abroad, symposia, poster sessions, and promotional exhibitions. It also includes a special satellite symposium which will be held in historic and picturesque town of Sinj in the Dalmatian hinterland.

The respective professional chambers will accredit attendance at the Congress for the participants from Croatia.

Beside scientific and professional part of the program, we plan a fair deal of social and cultural activities, hoping that all of you will find city of Split, with its unique Mediterranean spirit and historical heritage, an enjoyable surrounding for the Congress.

We are looking forward to seeing you in Split!

Mladen Boban
